DHANASEELAN M

EDUCATION

SriEshwar College of Engineering	B.E CSE	CGPA 7.0 (Upto 4 th Sem)	2024-2028
Government School	HSC	84.5%	2022-2024
Government School	SSLC	PASS	2021-2022

INTERNSHIPS

FullStackDeveloperIntern–TutorTalkAi - [Certificate](#) 2026

Developed responsive frontend interfaces and integrated them with backend APIs while implementing mobile application features using React Native. Collaborated with development teams using Git and agile methodologies, and actively participated in debugging, testing, and deployment processes.

Tech stack: MongoDB, ExpressJS, ReactJS, NodeJS, NestJS, React Native, TypeScript

MERNstackDeveloper -AlgoTutor- [Certificate](#)

Developed full-stack web applications using the MERN stack by building responsive user interfaces, creating RESTful APIs, and integrating frontend and backend services while applying modern web development practices through project-based learning.

Tech stack: MongoDB, ExpressJS, ReactJS, NodeJS,HTML,CSS

PROJECTS

DM-holidays

Developed and deployed a full-stack travel web application using the MERN stack.Designed responsive user interfaces and implemented RESTful APIs for efficient data exchange.Managed cloud-hosted databases and ensured seamless frontend-backend integration.Strengthened expertise in full-stack development, deployment workflows, and software engineering practices

GYM-Management System

Developed a Gym Management System to streamline member management, attendance tracking, and subscription management by integrating frontend and backend components, gaining hands-on experience in application development, database operations, and system design.

Campus-Find

Developed Campus Lost & Found, a full-stack MERN web application enabling users to report and search lost/found items with secure authentication, real-time listings, and user-to-user communication. Built RESTful APIs using Node.js and Express.js, managed data with MongoDB, and delivered a responsive React-based UI for efficient campus item recovery.

CERTIFICATIONS

Udemy-Learn Java Programming

Udemy-Mastering Data Structures and Algorithms Using C & C++

Udemy-Javascript Fundamentals

SKILLS

Languages : JavaScript, TypeScript, Python, C, C++

Libraires/Frameworks: ReactJS, NodeJS, ExpressJS, NestJS, Mongoose, React Native

Databases : MongoDB, MySQL

Cloud & DevOps : AWS, Vercel, GitHub Actions (CI/CD)

Tools/ Platforms : Git, GitHub, Postman

ACHEIVEMENTS

Hacksagon Finalist(National Level Hackathon)

Creatathon Winner-SECE

Techsprint 2025 finalist CIT GDG

Innovhack 2026 finalist SAASTRA GDG
